Working and achieving together to enrich lives and nurture bright futures

News

Welcome back to school, we hope you all had a fantastic Easter break – even though the weather wasn't too great! Some of our families and staff members have also been celebrating Eid this week, we hope you enjoyed this special time with your friends and family!

This week in school, Mrs Shaw launched a new program called myHappyMind to the children in assembly on Monday. This is all about helping children to understand how their brain works and to support them in developing positive skills and habits to be their very best selves. Parents were sent a letter with information on how to get involved before the holidays.

Parents Evening

Thank you to all the parents and carers who attended parents evening this week, we hope you found the meetings useful and were able to enjoy looking through your child's work in class. This was our last parents evening of the school year. At the end of the summer term, parents and carers will receive their child's End of Year Report.

Topic Letters

By now you should have received your child's topic letter via the Arbor Parent Portal. These give you an overview of the learning that will be taking place during this half term, however if you would like more detailed information please see your child's teacher. Topic sheets can also be found on our website on your child's class page.

Homework is set weekly by your child's teacher on Seesaw or Tapestry in Early Years. We would encourage you to engage with your child with this.

Whole School Trip – Save the date!

We are excited to let you know that this year, our whole school trip will be to Cannon Hall Farm and will take place on **Tuesday 16th July 2024**. We have been lucky enough to receive funding which covers the entire cost of the trip, meaning there is no cost to you for your child to take part. A letter with further information will be sent out in due course.

Reception Screening

Please can we remind Reception parents to complete the below form for the school nurse who will be visiting school on Monday 29th April. Thank you.

MULTIPLICATION TABLES CHECK

WHAT

- Pupils are tested on their ability to answer multiplication questions up to 12 with an emphasis on the 6, 7, 8, 9 and 12 (these are considered to be the most difficult)
- The tests are online and on-screen
- The check contains 25 questions with 6 seconds to answer each one
- There is a 3 second pause in-between each question, before the next one appears on screen
- Before the test, schools can access a practice area for children to become familiar with the style of check
- Each check takes less than 5 minutes per child
- There are multiple versions of the test. The version each pupil gets is selected at random
- There is no expected pass rate or threshold

WHO

- The Multiplication Tables Check (MTC) is a statutory test for Year 4 pupils
- Children will not be required to resit the test if they do not get a high enough score
- Schools will be required to report the results of each child to their parents or carers

WHY

- The purpose of the Multiplication Tables Check is to determine whether pupils can fluently recall their times tables up to 12
- The check will help schools to identify pupils who require additional support

WHEN

- 3rd - 14th June: Schools can choose a day within these 2 weeks to complete the test
- The test can take place on one day or across several days
- 17th - 21st June: Timetable variation week for pupils who were absent during the MTC weeks
